Victim Saint

Mr. Brok3n / Lyrics by Eric Wright

SINGLE

OCT 4, 2025

VERSE 1

You wear the crown of a victim saint
 Paint your wounds in counterfeit paint
 Every mirror bends to your disguise
 But the cracks keep showing in your eyes
 You twist the truth until it screams
 Make me the monster in your dream
 I hold my tongue, you stage the fight
 And I'm the shadow you set alight

CHORUS

You're the center of your shallow stage
 Feeding fire from your empty rage
 Gasoline mouth, kerosene kiss
 Everything burns but you don't exist

VERSE 2

You preach devotion, you take, you take
 Leave me hollow, watch me break
 A marionette in your dirty hands
 Dancing for scraps I can't withstand
 You wear me down, you build me small
 Your kingdom's built on nothing at all [x2]
 Every scream is just applause
 For the goddess of her own lost cause

CHORUS

You're the center of your shallow stage
 Feeding fire from your empty rage
 Gasoline mouth, kerosene kiss
 Everything burns but you don't exist

INSTRUMENTAL BREAKBRIDGE

I can taste the static in your breath
 I can feel you feed on my regret
 Nothing's real inside your skin
 Nothing left, but you still win

CHORUS

You're the center of your shallow stage
 Feeding fire from your empty rage
 Gasoline mouth, kerosene kiss
 Everything burns but you don't exist

OUTRO

You crown yourself with borrowed pain
 Your empire rots, but you remain
 I cut the strings, I leave the play
 Your throne of ash won't make me stay
