VERSE

1

Step out, heads spin, no lie,
Same look every time I slide by.
Low fade, black shades, that stride,
No words — yeah, they feel the vibe.

Pre-

CHORUS

Didn't plan it, it's just my way,
Every move's got somethin' to say.

CHORUS

Whiplash when I walk past,
Slow burn, they can't look fast.
Cool drip, no need to flash,
They turn quick — yeah, that's whiplash.

VERSE

2

Talk slick, keep it low key,
Confidence built, not cheap.
They double take when I lean right,
No flex — just timing tight.

Pre-

CHORUS

I don't chase, I let it flow,
Every step's got that glow.

CHORUS

Whiplash when I walk past,
Slow burn, they can't look fast.
Cool drip, no need to flash,
They turn quick — yeah, that's whiplash.

BRIDGE

Not tryin' to stunt, just move like smoke,
Slide through the crowd — rhythm broke.
Heat on my back, yeah, they all react,
I keep my cool, never lookin' back.

Final

CHORUS

Whiplash when I walk past,
Slow burn, they can't look fast.
Cool drip, no need to flash,
They turn quick — yeah, that's whiplash.
